

## MORE QUESTIONS AND ANSWERS

---

### How long is a few more days?

I would think when applying “a few” to days, it would be more than two and less than a week; that would make it three to six days. Any more(which a “standard” few could be) should be referred to as “about a week” or “ a week or so”.

---

### RELATED QUESTIONS

### How long is a few days?

A “few” typically refers to the vicinity of 3 to 7 of something. A few days would be longer than a couple (two) but shorter than a week (seven). So the time duration could range from three to six days and still be classified as a few.

---

### What does within the next few weeks mean?

'A few' is basically a small number, more than two but not much more. If somebody tells me that something will be done in a few weeks and I trust them, I would take it to mean about 3 weeks, possibly 4 or 5 but not more than that. If they thought it would be about two weeks they'd have said 'a couple of weeks'.

---

### How long is 2 weeks from now?

In 2 weeks time the date will be 13th January 2021 , that's also 336 hours away.

---

### How much is a few months?

How many months is "a few months"? In American English, “a few” would be between three and five. If it were only two (or perhaps three), we'd say “a couple”. “Several” would probably be about five to seven or eight.

---

### How long is a couple of weeks?

The court had to determine the definition of “a couple of weeks.” NFC argued that “a couple” is two and each week has seven days, so “a couple of weeks” means exactly 14 days.

---

### How long is 14 days from now?

14 days from today (10 weekdays) would be Tuesday, January 12, 2021.

---

### What date will it be in 3 weeks?

In 3 weeks time the date will be 19th January 2021 , that's also 504 hours away.

---

### What was 14 days ago?

14 days before today would be Tuesday, December 15, 2020. There are 31 days in December 2020. 2020 is a leap year, so there are 366 days in this year (there are 29 days in February 2020).
