How Long Can I Keep Frozen Whole Chicken?

Whole chickens are best frozen in the manufacturer's packaging, over-wrapped with aluminum freezer, freezer wrap or freezer storage bags when freezing for more than two months. Once in a frozen state, however, how long the whole chicken keeps varies when it comes to safety and quality.

How Long Does a Raw Beef Roast Last in the Fridge or Freezer?

How long does a raw beef roast last after the sell-by date? After beef roast is purchased, it may be refrigerated for 3 to 5 days - the "sell-by" date on the package may expire during that storage period, but the beef roast will remain safe to use after the sell by date if it has been properly stored.

RELATED QUESTIONS

How long is a month?

In the Gregorian calendar, an average month has exactly 30.436875 days. It was originally based on the time it takes for the moon to rotate the Earth. A day is the approximate time it takes for the Earth to complete one rotation. It is defined as exactly 86,400 seconds.
