#### RELATED QUESTIONS

#### What alcohol is flammable?

Any alcohol listed above 100 proof – 50 percent ABV – is straight up flammable and would therefore not hinder the ability of gunpowder to fire.

#### Is Rum flammable?

2. Rum. Rums, especially ones with alcohol per cent over 60 or so, will burn nicely even if you pour just a little bit on top of your drink.

#### Is wine flammable or combustible?

Generally no, wine is not flammable. The term of “proof” with liquor is on a scale of zero to 200. In the old days to show that a bottle of liquor was 50% alcohol, they would burn a small bit of it.
