### Is it bad to have too many tags on YouTube?

No spaces: Hashtags don't contain any spaces. If you want to have two words in a hashtag, you can join them together ( #TwoWords, #twowords ). Over-tagging: Don't add too many tags in a single video. The more tags you add to a video, the less relevant they become for viewers who are searching.

#### RELATED QUESTIONS

### What does your tags are too long mean?

In conclusion, when it says "Your Tags Are Too Long," it probably means you have too many key phrases. It doesn't mean your keywords are too long. It also doesn't mean you have used too many characters. ... My theory is that it appears because you have entered more than 20 key phrases (i.e. you have more than 20 tags).

### How long can a YouTube tag be?

YouTube allows you to use as many tags as you would like as long as the total character limit across all tags is less than 400 characters (approximately). Generally, most videos should have 5-8 tags.
