### RELATED QUESTIONS

### How many years are in an eon?

Both are just really long periods of time, but in science an eon is about a billion years.

---

### What is the difference between Aeon and Eon?

Because they are not the same word. An "eon" is "an immeasurably long period of time," but in Gnosticism<sup>1</sup> an "aeon" (or "æon") is "a divine power emanating from the Supreme Being, which plays various roles in the operation of the universe."
