RELATED QUESTIONS

What is parroting in communication?

Parroting is a conversational technique that can be quite effective in therapy. The therapist loosely repeats what the client has just said. The twin goals of this technique are ensuring that the therapist heard what was said correctly, and encouraging the client to further clarify his or her thoughts.

What does it mean when someone is repetitive?

Something that is repetitive involves doing the same thing over and over again. If you get bored running on a treadmill daily, you might try something less repetitive, like playing soccer outdoors. Anything you do repeatedly, especially when it's boring, can be described using the adjective repetitive.

Which type of noun is Parrot?

parrot used as a noun: A kind of bird, many species of which are colourful and able to mimic human speech. "I bought a wonderful parrot at the pet store."
