### What is the difference between a drop ceiling and a suspended ceiling?

A suspended ceiling is the exact same thing as a drop ceiling, also called a dropped ceiling. ... In other words, the suspended ceiling does not make up a permanent structural foundation, but rather serves as a covering for the more solid framework above.

#### Drop Ceiling or Drywall Ceiling: Which one should you choose?

Drop ceiling, on the other hand, is simpler to install. This is a project that can easily be turned into a DIY because of the simplicity of handling suspended ceilings. The suspended ceiling is not only easy to install but doesn't create a mess that requires lots of clean up work. It's a task any handy homeowner can complete over the weekend.

#### RELATED QUESTIONS

#### How do you hang something heavy on a drop ceiling?

Remove a ceiling tile. Screw a metal hook or plant hanger into a joist directly above. Hang a chain of the desired strength and length from the hook to hold heavier-weight objects, from plants to disco balls. Determine where to cut a hole in the tile for the chain to come through using a measuring tape and pencil.

#### How much weight can a ceiling wire hold?

Maximum recommended load on each wire is 94 lbs.

#### Is it cheaper to drywall or drop ceiling?

Cost of a Drop Ceiling The savings are slim to none. If you're hiring a drywall crew to do the walls anyway (which I highly recommend) then it's not a much more to have them do the ceiling as well. In newer houses especially, a drywall ceiling is about the same or cheaper compared to a suspended ceiling.
